**LAS VEGAS – Oct. 31, 2016** – Each year **Walker Furniture** reaches out to the Clark County School District to have elementary school students enter a pumpkin drawing contest. This year the top three winning drawings were all created by Robert E. Lake Elementary School students in art teacher Ms. Gallimore's classes.

At a Chanh Boupha Pumpkin Carving Event held in the Atrium at Walker Furniture on Sunday, Oct. 30, Chef Boupha carved first place winner, third grader Karla Cervante's drawing with a cat on a 70-pound pumpkin that she got to take home for Halloween along with a \$100.

The second place artist was Javier Monroy with a spider in his drawing and third place was Nathan Williams with a lion.

Chef Boupha and his son carved faces on two more giant pumpkins that were won by guests in a drawing. There was also free face painting plus hot dogs and sodas.
