Registration for 2017-18 school year available online

Classes will begin two weeks earlier on Aug. 14

LAS VEGAS – Registration for Clark County School District (CCSD) students for the upcoming 2017-18 school year is available online. Families with currently enrolled students can complete registration using the Parent Portal via Infinite Campus (campusportal.ccsd.net). Families new to CCSD may begin their registration process via register.ccsd.net. Parents should note that the 2017-18 school year will begin two weeks earlier than last school year, on Aug. 14, 2017.

Parents or guardians who already have an Infinite Campus account will see an announcement through the Parent Portal and a link connecting them to the 2017-18 registration page. For families with students currently enrolled in the district, the process will take less than five minutes as information is pre-populated in the application for existing CCSD households to reduce the registration time and enhance the registration experience.

"A new feature this year is the ability to respond to certain required sections one time for all students in the application versus doing so individually," said Director of Student Record Services Greg Manzi. "Another advantage is that families that access the websites from a mobile device can complete registration."

Schools will have computers available for parents to use for registration purposes. CCSD urges all parents to register and enroll their students by the first day of class, as state funding methods have changed.

"The new method of funding essentially turns every school day into a count day," said Manzi. "We are funded based on the average of the total enrollment of each school day. Students not enrolled by the first day have a direct impact on funding."

To find out which school a student is zoned for, parents may visit ccsd.net/schools/zoning or call the Demographics, Zoning and GIS Department at 702-799-6430.

For details regarding registration requirements, parents may visit register.ccsd.net or contact the child's school.
