CCSD Board of Trustees
The Clark County School District Board of Trustees is a group of seven elected community leaders dedicated to providing the leadership necessary for Clark County public school students to accomplish their educational goals. Each trustee brings a wealth of experience and concern for children and is committed to ensuring the success of every student.

Board Responsibilities
The Board of Trustees is responsible for establishing policies and making decisions that direct the educational vision for the district, the fifth-largest in the country. The board hires and directs the superintendent to execute its policies and decisions, which impact more than 320,000 students and their families, 358 schools and more than 40,000 employees. The trustees also oversee a general operating fund budget of more than $2.4 billion.

Board Meetings
The trustees hold regular meetings the second and fourth Thursday and a work session on the first Wednesday of each month in the Board Room of the Edward A. Greer Education Center, 2832 E. Flamingo Road. Public notice of all board meetings, including special meetings, are posted online at least three working days in advance in accordance with the Nevada Open Meeting Law. For a schedule of future meetings and to view agenda items, visit ccisd.net/trustees.

Students, families and colleagues –

Welcome to the 2017-18 school year! This past school year was incredibly busy, with so many changes. Thank you for your continued efforts to move the Clark County School District (CCSD) forward. The year was filled with amazing achievements, awards and recognition for our students, schools and staff members. To view more of CCSD’s accolades, please visit pledgeofachievement.com.

We have also focused on the reorganization of CCSD, which we call Clark County Schools Achieve. This year, we implemented a new structure that provides our school communities with more transparency about how district dollars support schools, and paves the way for CCSD to provide more autonomy to schools. I encourage our families to get involved with the direction of your child’s school by serving on - or being in contact with - your School Organizational Team (SOT) members. These teams will play a crucial role in providing input to the school administration.

Families and students will also notice that our school calendar has changed. With school beginning two weeks earlier, our semester testing will be completed prior to Winter Break, and our school year will also end prior to Memorial Day in May 2018.

We are opening six new elementary schools and two brand-new replacement schools in August, followed by one new elementary school that will open mid-year. This is all due to the 2015 bond program. The addition of the seven new schools for 2017-18 will provide us with facilities to address the overcrowding issues that CCSD is experiencing. As we begin to bring new schools online, we are able to move all CCSD schools back to a nine-month schedule for the first time in years.

To our students and families, I hope you get the opportunity to be more involved in your schools, whether it be joining student groups or volunteering in parent programs. Our teachers and staff welcome you as we focus on strengthening the connections between schools and their communities to focus on the success of our students.

Superintendent Pat Skorkowsky
Every student in every classroom, without exceptions, without excuses

The Clark County Schools Achieve Initiative is the reorganization of the Clark County School District. We are empowering local school communities to ensure educators and families drive student achievement. To learn more, visit reorg.ccsd.net.

Transportation

The Clark County School District provides bus transportation for general education students who live two miles or more from their zoned schools. Exceptions may apply for students with special needs and also for students who may encounter hazard areas like construction zones on their way to school.

Parents can check eligibility for their students and get bus stop information by visiting transportation.ccsd.net four weeks prior to the start of the school year.

Bus stop locations for students attending a Magnet School are at designated, centralized locations throughout the district. Magnet bus stop locations are limited to keep student ride times within 60 minutes in length. In accordance with District Regulation 3531: “The ultimate responsibility of safe student passage to and from school/pickup points rests with the parent or legal guardian.”

For information pertaining to transportation for students with disabilities, see page 14 in the Legal Notices section of this document.

Food Service

There will be no change in Clark County School District meal prices for the 2017-18 school year.

**Breakfast prices**

- $1.25 for elementary school
- $1.50 for middle school and high school

**Lunch prices**

- $2 for elementary school
- $3.25 for middle school and high school

The Food Service website, [ccsd.net/foodservice](http://ccsd.net/foodservice), provides pricing information, menus, nutrition details and other important information. It also includes a link to [myschoolbucks.com](http://myschoolbucks.com), where it is possible to make online payments to a student’s meal account and view items your child has purchased.

Free and Reduced Meal Program

Many students are eligible for free or reduced-price meals through the National School Lunch Program available in all CCSD schools. The program provides nutritious meals (breakfast and lunch) every school day and does not identify students who receive a free meal from those who pay for meals. The income guideline eligibility chart is available at [fns.usda.gov/school-meals/income-eligibility-guidelines](http://fns.usda.gov/school-meals/income-eligibility-guidelines).

For prompt processing of applications, please apply online at [myschoolapps.com](http://myschoolapps.com). This website is user friendly and speeds up the approval process, and is more accurate. A new application must be submitted each new school year. Online applications will be available beginning July 1, 2017, through [myschoolapps.com](http://myschoolapps.com). Paper applications will be available at Back-to-School Fairs at local malls and in all schools. Please submit applications as soon as possible to allow time for processing. Parents are advised that benefits will not begin until the application is processed and approved by the Food Service Department. Applications for meal benefits may be submitted at any time throughout the school year.

Students who qualified for free or reduced-price meals at the end of the last school year may eat according to last year’s eligibility status while applications for the current year are processed. However, last year’s eligibility will expire on Sept. 25, 2017. Students without an approved 2017-18 application after that date will be required to pay for meals.

Anyone who needs assistance or has questions regarding the application process may call 1-800-819-7556 or visit [ccsd.net/foodservice](http://ccsd.net/foodservice).

For prompt processing of applications, please apply online at [myschoolapps.com](http://myschoolapps.com).
Graduation Requirements

To graduate, all students are required to meet the testing requirements outlined for their freshman year cohort, regardless of what year they actually graduate.

In 2013, the Nevada State Legislature passed Assembly Bill 288, which changed graduation requirements. Specifically, students in Nevada must earn at least 22.5 credits AND, in addition, must participate in four End-of-Course Exams and a College Career Readiness assessment to ensure all students are college and career ready.

Students with disabilities may opt out of the college and career readiness assessment and End-of-Course Exams based on the decision of the Individualized Education Program (IEP) team. Appropriate assessments and accommodations for students with disabilities will be determined by the student’s IEP team.

AB 288 also changed the statutory reference to the General Educational Development test (GED) and required the State Board of Education to select a high school equivalency assessment. The following three high school equivalency exams have been approved by the State Board of Education: GED, HiSET and TASC. These changes are aligned with the Nevada Academic Content Standards and were also designed to ensure all students are college and career ready.

Visit ccsd.net/gradrequirements for the latest information or contact the counseling department at your child’s high school.

SCHOOL CHOICE / TESTING

SMARTER BALANCED ASSESSMENT SYSTEM

The Smarter Balanced Assessment System is the Nevada system for assessing students in grades 3-8 in mathematics and English Language Arts. This assessment covers the full range of college and career-ready knowledge and skills represented in the Nevada Academic Content Standards. This will be the third year CCSD students participate in the assessment and it will be administered during the spring of 2018. The Smarter Balanced Assessment System will include a variety of test items including performance tasks that measure a student’s ability to integrate knowledge and skills across multiple standards, as well as assess the critical thinking and problem solving skills of our students. Sample test questions can be viewed to obtain a better understanding of the how these test items measure college and career-ready content at sampleitems.smarterbalanced.org. In addition, grades 5 and 8 students will continue to participate in the Criterion-Referenced Test for Science which is aligned to the new Next Generation Science Standards (NGSS).

For more information on the Smarter Balanced Assessment System, please visit smarterbalanced.org and ccspd.net/SBACAssessments.

SCHOOL CHOICE

CCSD Choice Schools

The Clark County School District knows students enjoy school and achieve more when they attend the school of their choice. itsyourchoice.ccsd.net highlights the many school choice options available within the Clark County School District, including award-winning Magnet programs, Career and Technical Academies (CTA), Select Schools, the Nevada Learning Academy at CCSD, and Open Enrollment school opportunities.

Magnet Schools and Career and Technical Academies

Magnet/CTAs offer learning opportunities related to 140 various themes for interested students. Students from across the district may apply to a Magnet/CTA, regardless of the region in which they reside. A trusted choice for over 20 years, Magnet/CTAs provide enhanced educational opportunities, nurture and develop student talents, and create an awareness of career pathways relative to the fields of study in which students may be interested. Visit magnet.ccsd.net or cteinccsd.org.

Select Schools

Select Schools are high schools that offer robust and engaging Career and Technical Education programs of study, as well as many Advanced Placement and other specialized programs. Students that live within the transportation zone for each school are eligible for busing. Visit itsyourchoice.ccsd.net.

Open Enrollment

Open Enrollment is available to provide parents with additional school choice options within CCSD. Schools with available seats are advertised for the purpose of allowing parents/guardians of students who do not reside in the attendance zones to express interest in enrolling their child(ren) there. However, transportation is not provided. The application season runs from April to August. For application information and a list of Open Enrollment schools, visit ccspd.net/openenrollment.

Nevada Learning Academy

The Nevada Learning Academy (NVLA) at CCSD is an online public secondary school which offers courses for students in grades 6-12. NVLA provides personalized and rigorous learning opportunities to students who want an alternative educational environment. Students can enroll full-time or take one or two classes as a part-time student. The best time to enroll is at the start of the fall or spring semesters, but enrollment is open throughout the year. BULLYING / PARENT CONCERNS and RESOURCES

BULLYING

The Clark County School District is committed to providing a safe, secure and respectful learning environment for all students and employees in all district facilities and school-sponsored events. CCSD responds promptly and takes a strong stance against bullying and cyberbullying. Under NRS 388.122, “bullying” means written, verbal or electronic expressions or physical acts or gestures, or any combination thereof, that are directed at a person or group of persons, or a single severe and willful act or expression that is directed at a person or group of persons. (See page 13 in the Legal Notices section for the full definition of bullying.) Under NRS 388.123, “cyberbullying” means bullying through the use of electronic communication. The term includes the use of electronic communication to transmit or distribute a sexual image of a minor.

To discuss bullying at your child’s school, please contact your school principal or administrator. To report a case of bullying, or to learn more about bullying, visit ccsd.net/bullying.

PARENT RESOURCES

Parent Concerns

The level of collaboration between families and educators is an important predictor of student academic achievement. Parents and family members who establish strong, positive relationships with school staff have more opportunities to learn about the education system and become better education advocates.

Who do I contact if I have a concern about my child’s school? If there is a concern, contact the school to request an opportunity to address your concerns and have a dialogue about the issue. Concerns that are not resolved at the school level may be addressed by calling 702-799-CCSD, where you will be directed to the appropriate department.

There is also a public concern process per CCSD Policy 1213 that provides a formal investigation of the stated issue and provides the person filing the concern with a written response of that investigation. For more information, call the office of Community and Government Relations at 702-799-5005 or visit ccsd.net/publicconcern.

University of Family Learning

FACES implements the University of Family Learning, which provides families with educational resources and support through classes and workshops focused on parents as teaching partners, navigating the school system, parent leadership and family wellness and development. Beginning in September 2017, classes will be offered at the 12 Family Engagement Centers, all CCSD school sites and throughout the community. For times and locations, check faces.ccsd.net and/or contact your school.

Family Engagement Centers

FACES Family Engagement Centers are located in 12 Title I elementary schools throughout the district. In collaboration with community and district partners, these centers provide opportunities to improve family capabilities and establish and nurture relationships with one common goal - student academic achievement. These resources include support with technology, English as a Second Language and focus on early childhood education. For the locations of these centers, visit faces.ccsd.net or call 702-799-0303.

Additional Learning Opportunities

FACES hosts four Family Learning Resource Academies during the academic school year. These academies provide an opportunity for parents to engage in hands-on activities and gain valuable strategies to support student learning at home. Through a partnership with UNLV, the annual Family Enrichment Day provides families an opportunity to visit a university campus and to participate in planning for post-secondary education. Family learning workshops are provided in the areas of reading, writing, math, science and technology.

For more information about family activities in support of student achievement, contact the FACES Department at 702-799-0303, or visit faces.ccsd.net or on Facebook at Facebook.com/CCSDFACES.
STUDENT SAFETY

The start of the school year is a good time to review basic safety information with your child.

Basic Safety Tips for All Students

✔ Children should never walk or bicycle alone.
✔ Teach your child his/her full name, address, and your full name and phone number.
✔ Let your child know that police officers are there to help them, and how to identify police.
✔ Teach your child to report violence, threats or any suspicious activity.
✔ Talk with your child about safety and violence prevention. Discuss incidents and how they might have been avoided.
✔ Teach your child that private parts of his or her body should not be touched by anyone and to immediately report to a responsible adult any attempted or actual violations.

Tips for Children Who Walk or Bicycle to School

✔ Parents should know whom their child is walking or bicycling with and his/her normal route to school.
✔ Parents should walk or ride with their younger children and occasionally accompany older children to school, or monitor the route.

✔ Remind your child not to take short cuts through or play alone in deserted areas.
✔ Watch out for vehicles at every driveway and intersection. Look for drivers in parked cars as they may be getting ready to move.
✔ Remember to cross streets only at crosswalks, and to always stop, look both ways and continue to look as you cross the street.
✔ Bicycles should be ridden only on the right side of the street, preferably in a bike lane, or on a multi-use pathway.
✔ Bicyclists should always wear a helmet, and walk their bike across busy streets and through the crosswalks.
✔ Respect crossing guards.

Being Smart Around Strangers

✔ Instruct your child never to accept candy, money, gifts or any other items from strangers.
✔ Instruct your child never to get into a car or any enclosed or partially enclosed location, such as a garage or alley, with a stranger. Never hitchhike.
✔ Stress the importance of protesting and running away if a stranger tries to take your child away or entice your child into his/her car.
✔ Instruct your child not to use a public restroom while alone.
✔ Advise your child on safe places to go in the event of danger.

For more information, contact the Safe Routes to School program through the School-Community Partnership Program at 702-799-6560 or srts@interact.ccsd.net. Information is also available at saferoutes.ccsd.net.

STUDENT SAFETY / SCHOOL POLICE

SCHOOL POLICE PROMOTE SAFETY

The CCSD Police Department is dedicated to providing a safe and secure environment conducive to learning.

Approximately 160 certified officers patrol the district, including a minimum of one officer assigned to most traditional high schools. Officers also assist at elementary and middle schools and respond to calls for service as needed.

All officers are required to complete a certified Police Officer Standard of Training (P.O.S.T.) Academy with other local police agencies and have the authority to make arrests and issue traffic citations.

Call School Police dispatch at 702-799-5411 in case of a school-related emergency or for incidents outside regular school hours.

The Operation Crime-Free Schools tip line, 702-799-0228, allows anonymous reporting of information concerning unsafe or crime-related activity at a school. For more information about CCSD police, visit ccsdpd.com.

ACADEMIC SETTING AND SCHOOL DAY

Students with disabilities are educated in general academic and nonacademic settings unless a student’s needs cannot be met in such a setting. Consistent with district policy and state law, all students are required to receive a full school day of instruction, except in those cases where a special education IEP team or Section 504 team has determined that a student requires a shortened school day or an education or disability-related accommodation in the education setting.

AVERSIVE INTERVENTIONS AND RESTRAINTS

State law (NRS 388.471, et seq. formerly known as AB 280) and Clark County School District (CCSD) Regulation 5141.3 prohibit the use of aversive interventions, physical or mechanical restraints on students with disabilities, except as provided within the law and regulation. A copy of the regulation is available on the CCSD website at ccsd.net or by calling the Office of Compliance and Monitoring, Student Services Division, at 702-799-1020.

CAREER AND TECHNICAL EDUCATION

More than 280 Career and Technical Education courses, from agriculture science to web design, are available to Clark County School District (CCSD) high school students. These courses provide students with the academic and technical knowledge they need to pursue post-secondary opportunities or to enter the workplace upon graduation.

Career and Technical Education (CTE) courses are available at all CCSD comprehensive high schools with in-depth programs of study including Career and Technical Academies and Magnet Schools. The in-depth programs of study require students to complete a minimum of three (3) years.

CCSD offers programs of study in the following areas: agriculture and natural resources, business and marketing education, education, hospitality and human services, health science and public safety, information and media technologies and skilled and technical sciences. In addition, CTE programs of study articulate with community colleges across the state. The list of articulated CTE programs and community colleges can be found on the Nevada Department of Education website.

An option for every high school student, career and technical education courses provide hands-on training and real-life experiences along with development of leadership skills through participation in career and technical student organizations. Additionally, the Nevada Department of Education has approved the awarding of a Certificate of Skill Attainment to every CTE student who (1) completes the CTE course sequence with a grade point average of 3.0 or higher; (2) passes the end-of-program technical assessment; and (3) passes the Workplace Readiness assessment for employability skills. Employers across the State of Nevada may utilize this certificate for validation of a student’s knowledge and skills in the various career areas.

Career and Technical Education is a very important element of college and career readiness. For more information about Career and Technical Education courses visit cteinccsd.org, or talk with your student’s CTE teachers or high school counselor. Parents may also refer to your school’s course registration guide.

CCSD does not discriminate against any person on the basis of race, creed/religion, color, national or ethnic origin, sex, gender identity or expression, sexual orientation, disability, marital status or age, in admission or access to, treatment or employment in, or participation in its programs and activities, and provides equal access to the Boy Scouts of America and other designated youth groups, pursuant to federal and state laws. Inquiries regarding compliance with Title IX issues should be directed to the Title IX Coordinator 702-799-5087 and/or to the Interim Chief Instructional Services Officer, 702-799-2668. Inquiries regarding Section 504 compliance should be directed to the Chief Compliance Officer, Student Services Division, Office of Compliance and Monitoring, 702-799-1020.

CHILD FIND

Pursuant to the provisions of Section 504 of the Rehabilitation Act of 1973, the Clark County School District is ready, willing and able to identify every qualified disabled student residing in the district who is not receiving a public education and will provide a free appropriate public education to those qualified disabled students. If you have questions regarding this notification, please contact the Chief Compliance Officer, Student Services Division at 702-799-1020.

The Student Services Division also operates the Child Find Project, which seeks to identify students, residing in and/or attending private school in the district, ages three to 21, who are not enrolled in public school and who may be eligible for special education services. Recommendations to parents for assessments often come from community agencies, educational and medical personnel, and preschool or daycare centers. Parents, guardians or surrogates are encouraged to initiate requests for evaluations and/or assessments.

Parents or guardians must consent to an evaluation of their child prior to an appointment. A team of professionals will assess the child to determine if he or she is eligible for special education services. The team including the parent(s) or guardian develops an Individual Education Program (IEP) for each child that qualifies. The Child Find Project staff also can help families gain access to helpful community services. For more information, call 702-799-7463.

CONCERNS ABOUT STUDENT DISABILITY ISSUES

Concerns regarding student disability issues that relate to the provision of “Free Appropriate Public Education” (FAPE) under the Individuals with Disabilities Education Act (IDEA) or Section 504 should be addressed with the principal of the school where the concern has arisen, the Performance Zone Special Education Director, the Performance Zone
The following information is provided annually to all parents of CCSD students at the beginning of the school year.

School Associate Superintendent or by contacting the Chief Compliance Officer, Student Services Division, at 702-799-1020. Specific concerns relating to facility access for disabled students should be addressed by contacting the Chief Compliance Officer, Student Services Division, at 702-799-1020 and the CCSD’s Facilities Division, Building Department Director 702-799-7605.

**ESSA - “UNSAFE SCHOOL CHOICE OPTION”**

As a requirement under the Every Student Succeeds Act (ESSA), CCSD has a school choice process requiring that students in unsafe schools be permitted to transfer to safer public schools. This process, known as the “Unsafe School Choice Option,” permits student transfers for two reasons: 1) when a school is determined by the state of Nevada to be “persistently dangerous;” or 2) when a student becomes the victim of a violent crime at a school.

If a school is identified as persistently dangerous, the district will inform parents of the designation within 10 days and offer students the option to transfer to a safe public school within 20 days.

Students are allowed to transfer within 30 days. To the extent possible, the district will allow students attending a school identified as persistently dangerous to transfer to a school that is making adequate yearly progress and has not been identified as being in need of improvement, corrective action or restructuring. CCSD will take into account the needs and preferences of the affected students and parents to the extent possible. It is important to note that transportation is the responsibility of the parent(s).

If a student becomes the victim of a violent criminal offense at school, the student is allowed to transfer to another public school. The transfer is optional; the student is not required to transfer. This requirement does not supersede the district’s ability to discipline offenders in accordance with CCSD regulations.

**FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT**

School records of students are confidential, according to the Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99). The educational records maintained by the district include a student’s academic permanent record, achievement and scholastic aptitude test results, attendance and discipline file, class record books, grade books, health inventory, and special education confidential folder if applicable. Directory information is information not generally considered harmful or an invasion of privacy if disclosed. This information is available without the consent of parents or eligible students.

Directory information includes the student’s name, address, grade level, date and place of birth, photographs, participation in officially recognized activities and sports, weight and height if a member of an athletic team, dates and schools of attendance, and degrees and awards received.

Photographs will be considered directory information only when used in printed school publications including the annual yearbook, playbills, honor roll or other recognition lists, graduation programs, newsletters, and sports activity programs/sheets. Parents who do not want directory information released must file a written statement with the principal of the child’s school annually at the start of each school year.

In addition, two federal laws require local educational agencies to provide military recruiters, upon request, with three directory information categories – name, address and telephone listing – unless parents have advised the school in writing that they do not want their student’s information disclosed without their prior written consent.

Information other than directory information is inaccessible without the written consent of the parent or eligible student. Among those exempt from this ruling are “school officials” who have a “legitimate educational interest,” which may include the Board of School Trustees, administrators, certificated employees, classified support staff, and contractors, consultants, volunteers and other outside parties performing outsourced institutional services or functions. Legitimate educational interest is defined as any activity having a direct effect on advancing a student’s educational level, coupled with a concern for the student’s social, emotional, and/or physical welfare.

To inspect educational records, parents or legal guardians should make a written request to the principal of the child’s school to schedule a records review. The school must comply within 10 days of the written request. The school is not required to make copies of the records unless failure to do so would effectively prevent the parent from obtaining access to the records. Parents or eligible students may request to amend student records. The procedure to challenge records is outlined in CCSD Regulation 5125.1, which is available online at ccsd.net, or at your child’s school. Parents/eligible students who believe their rights have been violated may file a complaint with: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, D.C. 20202.

The confidential records of students who have been enrolled in special education are automatically destroyed during the year of the student’s 28th birthday.

Upon request, CCSD discloses education records without consent to officials of other schools in which the student seeks or intends to enroll, or has already enrolled or transferred, if the disclosure is for purposes related to the student’s enrollment or transfer.

CCSD has identified the following FERPA liaisons to answer related questions. Contact numbers are as follows:

- Academic Unit 702-799-5475
- Education Services Division 702-855-9775

**MEDICAID INFORMATION**

The Clark County School District provides school-based child health services (SBCHS) to children with an Individualized Education Program (IEP) at no cost to our parents/guardians. Federal Medicaid funds are available to school districts to help recover the costs of providing these necessary services. To access these funds, CCSD participates in the state of Nevada Department of Health and Human Services, Division of Health Care Financing and Policy (DHCFP) Medicaid SBCHS program.

School districts can request reimbursement for eligible school-based child health services, such as speech, occupational and physical therapy, and nursing services. The district must disclose information to DHCFP from those students’ education records for which reimbursement is sought. The information that must be disclosed includes the student’s name, date of birth, and information regarding the service that was provided, such as the date, type, and duration of service.

To ensure that our students have access to a free and appropriate public education, as required by federal law, CCSD:

- Must obtain written consent prior to disclosing students’ health information to DHCFP;
- May not require parents/guardians to sign up for or enroll in any public benefits or insurance programs;
- May not require parents/guardians to pay any out-of-pocket expenses such as a deductible or co-payment for the costs of the health services CCSD provides;
- May not use students’ Medicaid or other public benefits if that use would:
  - Decrease available lifetime coverage or any other insured benefit,
  - Result in families paying for services that would otherwise be covered by Medicaid or other public insurance program and that are required for children outside of the time that they are in school,
  - Increase insurance premiums or lead to the discontinuation of any public benefits or insurance, or
  - Risk the loss of eligibility for home and community-based waivers, based on aggregate health-related costs.
Whether or not consent is given or if consent is withdrawn, the district will continue to provide services to our students at no cost to parents/guardians.

For any questions regarding the SBCHS Medicaid program, contact the Student Education Management Systems department at 702-799-0295.

Protection and Security of Tests
CCSD, in accordance with Nevada law, has implemented procedures to ensure the security of all state-mandated proficiency exams. The plan includes procedures for:

- Reporting irregularities in test administration and test security;
- Notifying the Nevada Department of Education of testing irregularities;
- Ensuring the security of test materials and consistency of test administration;
- Verifying the identity of secondary students taking an exam;
- Responding to a report of an irregularity in test administration or security, including actions taken during an investigation and the person responsible for each action.

Employee or Public Access/Services Issues: Executive Manager, Diversity, Affirmative Action and ADA Programs/Title IX Coordinator, located at 5100 W. Sahara Ave., Las Vegas, NV 89146, 702-799-5087, email address: cedric@interact.ccsd.net

Transportation: Department of Transportation Director, located at 975 W. Welpman Way, Henderson, NV 89044, 702-799-6980

Student Programs/Services Access: Student Services Division, Chief Compliance Officer (Section 504 and IDEA Disability Related), located at 4170 McLeod, Las Vegas, NV 89121, 702-799-1020, email address: msharley@interact.ccsd.net

Students, parents, and other program participants who feel discriminated against relating to school transportation may initiate a complaint by contacting the principal of the school in question. The building principal will work with the designated employee and respond to the inquiry within a reasonable period of time. The designated school employee who is responsible to work with the school principal in resolving complaints regarding:

- a. disability discrimination concerns, that arise at the school and on the school bus is the Chief Compliance Officer, Student Services Division, who is located at 4170 McLeod, Las Vegas, NV 89121, 702-799-1020, email address is: msharley@interact.ccsd.net; and

If parents or members of the public have additional concerns or complaints regarding their accessibility inquiry, they may also initiate a formal review by completing a Public Concern Form and trigger the public concern process as outlined in CCSD Regulation 1213.1, as described above.
Because test security is a vital part of proficiency testing and the validity of the resulting data, the district invokes the following penalties:

- If a teacher or administrator is found, through an investigation of a testing irregularity, to have willfully breached the security or confidentiality of the questions and answers of the examinations that are administered pursuant to NRS 390.105 or 390.600 or the college and career readiness assessment administered pursuant to NRS 390.610, the district must: (1) suspend, dismiss or fail to reemploy the teacher; or (2) demote, suspend, dismiss or fail to reemploy the administrator;

- All other district employees may be subject to suspension, dismissal or non-reemployment for breaches of security or confidentiality; and
- Students who willfully breach test procedures will be subject to administrative and disciplinary action consistent with state law and district regulations.

**PROTECTION OF PUPIL RIGHTS AMENDMENT**

The Protection of Pupil Rights Amendment (PPRA) (20 U.S.C. § 1232h; 34 CFR Part 98) affords parents and students who are 18 or emancipated minors (“eligible students”) certain rights regarding the CCSD’s conduct of surveys, collection and use of information for marketing purposes, and certain physical exams. These include the right to:

Consent before students are required to submit to a survey that concerns one or more of the following protected areas (“protected information survey”) if the survey is funded in whole or in part by a program of the U.S. Department of Education:

1. Political affiliations or beliefs of the student or student’s parent;
2. Mental or psychological problems of the student or student’s family;
3. Sex behavior or attitudes;
4. Illegal, anti-social, self-incriminating or demeaning behavior;
5. Critical appraisals of others with whom the respondents have close family relationships;
6. Legally recognized privileged relationships, such as with lawyers, doctors or ministers;
7. Religious practices, affiliations or beliefs of the student or parents;
8. Income, other than as required by law to determine program eligibility.

Receive notice and an opportunity to opt a student out of:

1. Any other protected information survey, regardless of funding;
2. Any non-emergency, invasive physical exam or screening required as a condition of attendance, administered by the school or its agent, and not necessary to protect the immediate health and safety of a student, except for hearing, vision or scoliosis screenings, or any physical exam or screening permitted under state law; and
3. Activities involving collection, disclosure or use of personal information obtained from students for marketing purposes or to sell or otherwise distribute the information to others.

Inspect, upon request of the parent, and before the instrument is administered or used:

1. Protected information surveys of students and surveys created by a third party;
2. Instruments used to collect personal information from students for any of the above marketing, sales or other distribution purposes; and
3. Instructional material as part of the educational curriculum.

CCSD has developed and adopted policies, in consultation with parents, regarding these rights, as well as arrangements to protect student privacy in the administration of protected surveys and the collection, disclosure or use of personal information for marketing, sales or other distribution purposes.

CCSD will also directly notify parents and eligible students through the U.S. mail or email, at least annually at the start of each school year of the specific or approximate dates of the activities or surveys listed below and provide an opportunity for the parent to opt his or her child out of participation in that activity or survey. For surveys and activities scheduled after the school year starts, parents will be provided reasonable notification and be provided an opportunity to opt their child out of participation. Following is a list of the specific activities and surveys covered under this requirement:

- Collection, disclosure or use of personal information for marketing, sales or other distribution;
- Administration of any protected information survey not funded in whole or in part by the U.S. Department of Education; and
- Any non-emergency, invasive physical examination or screening as described above.

Parents/eligible students who believe their rights have been violated may file a complaint with: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW, Washington D.C. 20202.

**SAFE AND RESPECTFUL LEARNING ENVIRONMENT**

Under CCSD Policy 5137, parents should be aware that CCSD is committed to providing a safe, secure, and respectful learning environment for all students and employees at all district facilities, school buildings, on school buses, on school grounds, and at school-sponsored activities. CCSD strives to address bullying and cyberbullying so that there is no disruption to the learning environment and learning process. See ccsd.net (keyword search “Policy 5137”).

In the 2017 session, the Nevada Legislature amended the bullying and cyberbullying laws. The Nevada Administrative Code has also recently been revised to include new bullying and cyberbullying regulations. CCSD will comply with the new requirements, and is in the process of updating CCSD Policy 5137.

The Nevada Legislature has defined bullying and cyberbullying. Bullying and/or cyberbullying behavior are prohibited. CCSD will comply with the reporting, notice, and investigation requirements set forth in the laws and regulations.

The following reporting mechanisms are applicable to bullying and cyberbullying. These reporting mechanisms remain the same even under the new laws and regulations.

1. **Students:** It is the policy of CCSD to encourage students who are subjected to, witness, or overhear incidents of bullying and cyberbullying to report such incidents. Students should report any incident(s) of bullying and cyberbullying to a teacher, counselor, or a school administrator. Students are also encouraged to report knowledge of bullying and cyberbullying via the CCSD “Say No to Bullying” website that allows individuals to anonymously report unlawful activities. However, students should be aware that the CCSD “Say No to Bullying” website (ccsd.net/bullying) is not monitored after school hours, weekends and holidays.

2. **Employees:** Any CCSD teacher, administrator, principal, coach, or other staff member who witnesses, overhears, or receives information about an incident of bullying and/or cyberbullying at any CCSD facility, on school grounds, in school buildings, on school buses, or at school-sponsored activities, shall report it to the principal or the principal’s designee as soon as practicable, but not later than a time during the same day on which the teacher, administrator, principal, coach, or other staff member witnesses or receives information about the incident.

**STUDENT HARASSMENT PROHIBITED**

CCSD supports a learning environment that is free from discrimination, harassment and intimidation on the basis of sex in order to best promote student learning. Where a student has experienced harassment, the district will take steps to prevent its recurrence and correct it discriminatory effects on the complainant and others, if appropriate.
Harassment is any verbal, visual or physical conduct that is sufficiently severe, persistent or pervasive that it adversely affects, or has the purpose or logical consequence of interfering with the student’s educational program or creates an intimidating, hostile or offensive school atmosphere. Harassment, whether it is by students, staff or third parties in the school community, is strictly prohibited, and will subject the perpetrator to disciplinary action. See ccsd.net (Keyword search “Regulation 5141.2”). It is the principal’s responsibility to take actions as necessary to protect students and district personnel from harassment by students or staff, using the grievance complaint procedure.

Any student, male or female, who feels that he/she is a victim of harassment should immediately contact his/her teacher and/or principal, unless the principal or teacher is believed to be part of the harassment, in which case contact should be made with the appropriate Performance Zone School Associate Superintendent, Division Administrator, or the Title IX Coordinator at 702-799-5087 and/or the Interim Chief Instructional Services Officer, 702-799-2668.

Any CCSD employee who receives a harassment complaint from a student or observes harassing conduct shall notify the principal. The principal shall ensure that the complaint is promptly and appropriately investigated and will ensure that there is an opportunity to present witnesses and other evidence. If the investigation is not conducted promptly, the appropriate School Associate Superintendent, Division Administrator, or the Title IX Coordinator at 702-799-5087 and/or the Interim Chief Instructional Services Officer, 702-799-2668 will be notified.

Retaliatory behavior against any complainant or any participant in the complaint process is prohibited.

Harassment in any form against students by either a student or a district employee is grounds for severe disciplinary action. For students, it may be the basis for suspension/expulsion in accordance with the existing disciplinary procedures. For staff, it may result in disciplinary action up to and including dismissal. If there is a concern that the behavior constitutes bullying it should also be reported under the bullying procedures set forth in CCSD Policy 5137.

**STUDENT WELLNESS REGULATION**

CCSD is committed to providing an environment in which students can make healthy food choices and have opportunities to be physically active. Regulation 5157 defines nutrient standards for food and beverages sold or given away to students in all school venues during the period from midnight before, to 30 minutes after, the end of the official school day. This includes, but is not limited to, student stores, vending machines, cafeteria a-la-carte lines, fundraising and all activities sponsored by school organizations (clubs, sports, PTA, etc.) conducted on school property during the school day, and the CCSD Food Service Department. The nutrient standards limit calories, fat, sugar and sodium; prohibit carbonated beverages and caffeine with the exception of trace amounts of naturally-occurring caffeine substances such as chocolate milk (although caffeine is permitted at the high school level if approved by administration) and define acceptable portion sizes. More details about the student wellness regulation are available online at ccsd.net (keyword search “Regulation 5157”).

**TRANSPORTATION FOR STUDENTS WITH DISABILITIES**

Students with disabilities participate in general education bus transportation unless they demonstrate a disability-related need for special education school bus transportation. School-based facilitators assist by forwarding requests for service through appropriate case managers per Individualized Education Programs and 504 plans. Parents/guardians requesting student transportation for medical reasons should contact the school nurse to obtain the appropriate form(s). Anyone with concerns regarding transportation and bus schedules that impact a student’s school day should contact the principal of the school where the concern has arisen. The designated school employee who is responsible to work with the school principal in resolving complaints about school bus transportation is the Director of Transportation who can be contacted at 702-799-6890. The building principal (or designee) is also the primary contact person for concerns that arise at the school and on the school bus regarding concerns of disability discrimination, including disability harassment. The designated school employee who is responsible to work with the school principal in resolving complaints concerning disability discrimination, including disability harassment relating to transportation is the Chief Compliance Officer, Student Services Division, who can be contacted at 702-799-1020. The building principal will work with the designated employee and respond to the inquiry within a reasonable period of time. If applicable, these concerns also may be addressed by contacting the office of the appropriate School Associate Superintendent of the particular school or by using the district’s complaint resolution process outlined in CCSD Regulation 1213.1.

**TREATMENT OF STUDENTS AND FAMILIES OUTLINED**

Board Governance Policy SE-3 provides that with respect to interactions with students and their families or those enrolling to be students, the superintendent will not cause or allow conditions, procedures, or decisions, which interfere with student achievement or which are unsafe, undignified, inequitable, discriminatory, or unnecessarily intrusive in his interactions. See ccsd.net (keyword search “Goverance Policies”).

**ANNUAL ASBESTOS NOTICE**

As required by the Asbestos Hazard Emergency Response Act of 1986 (AHERA), this is the annual notification of the presence of asbestos-containing materials in certain Clark County School District (CCSD) buildings. Asbestos is a common name given to a group of mineral fibers that occur naturally and have been incorporated into a variety of construction products such as wall and ceiling plasters and floor tile. These materials pose no risk to health, unless they are disturbed in such a way that asbestos fibers become airborne, are inhaled, and get deposited within the lungs.

This notice is a general notification and is not meant to give specific information about an individual location. An Asbestos Management Plan has been developed for each CCSD location which identifies the location, type, and amount of asbestos-containing material and also describes action taken to prevent exposure. The site-specific plan is available for review in the main office, of each location, during regular business hours. Copies of all plans are also kept in the Risk and Environmental Services Department office.

CCSD is committed to maintaining a safe and healthy environment for our students, staff, and visitors. For more information, visit ccsd.net/environmentalservices or call 702-799-0897.
