CCSD breaks ground on three additional elementary schools

New schools will bring relief to nearby elementary schools over capacity

LAS VEGAS – The Clark County School District (CCSD) will begin construction on three new elementary schools near the intersections of Spencer Street and Pyle Avenue, Farm Road and Jensen Street, and Dean Martin Drive and I-15. The additional elementary schools are scheduled to open in August 2018, along with a new elementary school at Beltrada Avenue and Via Italia which broke ground in May 2017 inside Inspirada.

The projects breaking ground in 2017 are made possible by Nevada legislators through the passage of SB 207 in 2015, which allows for 10 years of bonding authority for new school construction and renovation projects and is expected to provide \$4.1 billion during this period. Construction of the new schools will bring relief to nearby elementary schools that are over capacity.
