CCSD Board of School Trustees meeting recap
Board approves 2019-2020 Final Budget

LAS VEGAS - Board Agenda Item 3.02 - 2019-2020 Final Budget

Tonight, the final budget for the Clark County School District (CCSD) 2019-2020 school year was approved by the Board of School Trustees.

The Trustees are required by state law to pass a final, balanced budget by early June.

There are no major changes from the tentative budget presented to Trustees in April, as the district does not know how much additional funding will be received from the Legislature. The Budget can be reopened at any point before December to add in additional funds, including dollars for employee raises.

CCSD remains committed to working with Governor Sisolak, Speaker Frierson and Majority Leader Cannizzaro to identify the funds needed to provide our employees with a 3 percent raise, in addition to advancement on the district's salary schedule and increased costs for health care.
