## **Registration for 2019-20 school year now open** ***Returning families must utilize Infinite Campus to register***

**LAS VEGAS** – Online registration for Clark County School District (CCSD) students for the 2019-20 school year is now open. Parents should note that the 2019-20 school year will begin on Aug. 12, 2019.

Families new to CCSD may begin their registration process online via [register.ccsd.net](http://register.ccsd.net).

Families with currently enrolled students can complete registration using Parent Portal via Infinite Campus ([campusportal.ccsd.net](http://campusportal.ccsd.net)). The process will take less than five minutes for existing CCSD households.

Parents or guardians who already have an Infinite Campus account will see an announcement through the Parent Portal and a link connecting them to the 2019-20 registration page.

Student Record Services Director Greg Manzi noted that families with multiple students in the district can respond to certain required sections one time for all students in the application as opposed to doing so individually. He added, "Families can use a computer or a mobile device to complete registration."

Schools will provide access to computers for parents to use for registration. CCSD urges all parents to register and enroll their students by the first day of class, due to the funding methods used by the state of Nevada.

"Completing online registration is the first step in the enrollment process and allows existing families to update their information on an annual basis," said Manzi. "It is essential to complete the online registration as soon as possible so that each school site can complete their site-specific portion of enrollment and student schedules. The District is funded based on the average daily enrollment each quarter, therefore completing the process of registration and enrollment by the first day of school is essential."

To find out which school a student is zoned for, parents may visit <http://dzg.ccsd.net/> or call the Demographics, Zoning and GIS Department at 702-799-6430.
